## IMMERSION PROGRAMMES

This month, Study Links have hosted three more student groups: at Hipperholme Grammar School, Fulneck School, and Leeds Beckett University. Arranged by Study Links, our groups from Indonesia have had a long week of learning various subjects, and immersing themselves into the British school system and culture. Our Panamanian Teachers have been studying at Leeds Beckett University. All our students have been living with our welcoming Homestay families across Yorkshire with the chance to bond and enjoy weekend activities in a family environment. We wish all our students the best and hope they enjoyed their stay as much as we enjoyed looking after them. Our bespoke immersion programmes have been well received by students, agents and schools, and we expect to double our groups this year. If you are interested, or know schools looking to send their students to the UK for an immersion programme, please contact us at: [hello@studylinks.co.uk](mailto:hello@studylinks.co.uk)
